

REVIEWER ACKNOWLEDGEMENT

Open Access

Acknowledgement of manuscript reviewers, the underappreciated contributors

Yasmin Mulla, Ahmed Bakillah and M Mahmood Hussain*

Contributing reviewers

We and the Editorial Board sincerely acknowledge and thank all the reviewers for their active participation and contribution during 2014 (Volume 11). We greatly appreciate their dedication and behind the scenes contribution. It is largely due to their support and expertise that we have been able to publish high standard manuscripts. We would also like to thank authors for choosing *Nutrition & Metabolism* and contributing their cherished work to this journal.
